

The RMI-CP pulpit control is designed for use with Ivie Technologies iFlex mixers. The RMI-CP provides momentary push button control of on/off, volume, and pulpit height, with led indicators for on/off and volume. The RMI-CP connects to iFlex mixers via CAT5 or better cable.

FEATURES

- A five LED bargraph indicates the current level setting.
- Connection to the podium Up/Down controls is via a three pin euro-block connector.
- Communication from the RMI-CP remote control to an iFlex mixer is by means of RS-485 over standard Cat5e (or better) cable.
- The RMI-CP provides switched +24Vdc to the podium.
- Size - 6 x 2 1/2 x 1 in.
- Weight - 2.5 oz.

WARRANTY (Limited): Ivie iFlex products are guaranteed for five (5) years from date of original purchase against malfunction due to defects in workmanship and materials. If such malfunction occurs, unit will be repaired or replaced (at our option) without charge for materials or labor, if delivered shipping prepaid, to an authorized Ivie service facility. Warranty does not cover finish or appearance items or malfunction due to abuse, modification, lightning, or operation at other than specified conditions. Repair by other than Ivie or its authorized service agencies will void this guarantee. Products are sold on the basis of specifications applicable at the time of malfunction. Ivie shall have no obligation to modify or update product once sold.
